

## DO.RE.MI.

“Do.Re.Mi.” – 12 hand painted figures are the smallest and the most substantial members of the collection. Each of them can be identified by their individual names, clothing, mood, and outward look. Zizi, Zhuzhu, Rima, Nazi, Lola, and Wanda make up the women’s team. Roin, Chichiko, Budu, Kukuri, Sese, and Estate are among the male team. Their clothing’s embellishments are modeled after the patterns and colors seen on antique Georgian fabrics, but they have been updated and tailored to fit the names and physical characteristics of each individual.
